

Tour Arequipa Colca Puno 2 days

Day 1: Arequipa - Cabanaconde

Early in the morning our journey begins with an unforgettable, about 6 hour long drive towards Colca Canyon, the deepest canyon in the world (3.400m). We pass Pampa Cañahuas and the nature reserve Aguada Blanca, the habitat of the vicunas and alpacas (the camels of South America). The highest point of our tour, we reach 4.900m (absolute altitude). On the route we admire Pre-Columbian terraces that are cultivated up to now by the native population. The Colca is an ideal place to operate adventure sports. We stay in the village of Cabanaconde.

Included meals: breakfast

Day 2: Cabanaconde - Cruz del Condor - Puno

We leave very early to visit La Cruz del Condor, where we can observe the biggest bird of prey in the world, the condor, when flying. On our way back we will visit the villages of Yanque, Maca and Achoma. A very good opportunity to appreciate the lives of the habitants who almost live like the Incas. We will have a buffet lunch (not included) before we continue to Puno in our private vehicle. On this route, we stop at the Bosque de Piedra de Imata, watching Flamengo and there domestic birds.

Included meals: breakfast
